THE SCIENCE OF CLEAN AIR
GERM-KILLING
UV LIGHT

RESPIRATORY HEALTH
You can't see it but the air you breathe has a direct impact on your health. This is not a medical device but it will reduce indoor air pollution which will improve environmental conditions for people with asthma and similar respiratory conditions.

HVAC MICROBIAL DISINFECTION

Microbes such as mold, bacteria, and viruses thrive in the cool moist interior of the central air system. Fortunately they have no defense against UV-C light which, in nature, is filtered out by the Earth's atmosphere. The Platinum IAQ™ UV-C Light disinfects air system coils and interior surfaces and sterilizes microbes in the air as it is recycled throughout the home.

www.PLATINUMIAQ.com

- FEATURES**
- UV-C germicidal spectrum lamp
 - Magnetic mounting bracket
 - 24 VAC power supply

- BENEFITS**
- 99.9% Sterilization of AC coil & drain pan
 - Improves the indoor air quality in your home
 - Kills biological growth, bacteria, and viruses
 - Reduces system maintenance
 - Reduces dirty sock syndrome
